TO WHOM IT MAY CONCERN

I am pleased to recommend Mr. Muhammad Umer Bilal, with whom I supervised the thesis during the Fall 2022 to Spring 2023 semester. I find him among hardworking, regular, passionate, and keen students. Moreover, he is proficient in written and oral English and can accomplish any task within deadlines.

He was quick to grasp new and complex concepts. He is among the motivated individuals who always put forth his best efforts in all assigned tasks. Because of the performance he has given in the past, he can excel in the desired field of study and can explore new horizons.

Keeping his positive intuition towards studies in mind I would recommend him as a competent candidate for higher studies and scholarship.
